

Troy Area School District Foundation

The future success of the Troy Area School District, its staff and students depends on a solid foundation. More than ever, they rely on the efforts of the whole community—students, parents, educators, board members, business owners and community members. Our organization was established to create and promote the total investment and commitment of our community with the District resources to enhance our students' success. Together we can make a difference.

Goals of the Foundation

Founded in 1999, the Troy Area School District Foundation is a 501(c)(3) non-profit organization. It was formed to encourage our alumni, educators, corporate entities, local businesses, and organizations to make tax deductible contributions to support a variety of endeavors. These contributions target initiatives that benefit Troy students now and in the future.
